You can never go too slow

You can never go - too slow
You must never be in a hurry
You can never go - too slow
Life's not meant to be - a worry

Bridge 1

It's time to look at the other side
The way life was meant to be
It's time to take a good look inside
It's easy and it's free

You can never go - too slow
Life's not meant to be - a struggle
Like a river you - can flow
Say goodbye to all - your trouble

You can never go - too slow
You know that life is meant
To be that way (x2)
That's the way that life is meant to be

Are you as happy as your dog?

Are you as happy as your dog?
Are you as happy as you'd like to be?
If you keep thinking what you always thought
You keep getting what you always got
If what you have's not what you're looking for
And deep inside you know there's got to be more

Are you as happy as your cat?
Are you as happy as you'd like to be?
Well if you stop thinking what you always thought
You'll stop getting what you always got
And soon you'll have what you've been looking for
And realize that there was so much more

And you will be as happy as your dog or your cat
Yes you! will be as happy as you'd like to be
Right now! Right now! Right now! Right now!

When God had made the earth & the sky
The flowers and the trees
He then made all the animals
And all the birds & the bees
And when his work was finished
Not one was quite the same
He said "I'll walk this earth of mine
And give each one a name"
And so he traveled land and sea
And everywhere he went
A little creature followed Him
Until his strength was spent
And when all were named
Upon the earth
And the sky and sea
The little creature said "Dear Lord
There's not one left for me"
The Father smiled and gently said
"I've left you till the end
I've turned my own name back to front
And called you 'DOG' my friend"

The Children Are The Guardians Of The World

‘Los Niños Son Los Dueños de la Tierra’

The children are the future of the planet
The children are the teachers
The children are the ones who know the secrets
They are the ones - who will lead the way

The children are the keepers of the earth
The children know the wonders of the world
They've always been the ones who know the way
The children are the guardians of the world

A colorful illustration of seven children of various ethnicities holding hands in a circle around a stylized globe. The globe is blue with green continents. The children are wearing different colored clothes: a boy with pink hair in a blue shirt and orange shorts, a girl with brown hair in an orange dress with a star, a boy with dark skin in a green shirt and pink shorts, a girl with blonde pigtails in a pink dress with a flower, a boy with dark skin in an orange shirt and blue shorts, and a girl with dark hair in an orange dress with a star. The background is a light green gradient.

OUR FAMILY CONNECTION

Lyrics: Jeane Denny—Produced by: Steve Parton

Tread softly on the Earth As the native children do
Tread softly on the Earth For the Earth loves you
Tread softly on the Earth And you will feel
Our family connection

Tread softly on the Earth
As the little critters do
Tread softly on the Earth
For she loves them too
Tread softly on the Earth
And you will feel
Our family connection

CHORUS
Sing softly to the Earth
For she will hear
Sing softly to the Earth
While you are here
Sing softly to the Earth
And you will hear
Our family connection

The Road To Dharma

Verse 1

Every detour has a purpose
Every setback has a reason
If there's a problem - just accept it
Every wrong done - is a lesson

Chorus 1

On The Road to Dharma
Doubts can cloud the day
On the Road to Dharma
Don't let them get in the way

Verse 2

But keep on going, go on trusting
Keep believing in the knowing
That what you're doing is the right thing
And your dream is right here waiting

God's idea of Grace is far bigger
than your idea of Karma

Alan Cohen - daily inspiration

Chorus 2

And The Road to Dharma
Is not always clear and bright
I'm on The Road to Dharma
And I know this road is right

Verse 3

So I'll keep going, go on trusting
Keep believing in the knowing
That what I'm doing is the right thing
And my dream is right here waiting
Chorus 1 & 2

The Aborigines of Australia and the Native people of North America have a remarkable relationship with nature. They believe that everything that exists on the planet has a reason and a purpose.

The purpose of the plant kingdom is to feed the animals and the humans, to hold the soil together, to enhance beauty and to balance the atmosphere.

The primary purpose of the animal is not to feed humans, but it agrees to do so when it is necessary.

The primary purpose of the animal is to balance the atmosphere and be a companion and teacher by example.

Animals do not give up their lives willingly unless it is necessary..Because of the sacredness of all life and the need to live without causing suffering, we as humans should not take the lives of animals unless our survival absolutely depends upon it.

The well-being of the human race concerns everyone - it is yours, mine and ours....

ANIMALS ARE MY FRIENDS (and I don't eat my friends)

Animals are my friends — I love my friends

Animals are my friends — I love my friends

Animals are my friends — don't eat my friends

Love them and be kind and treat them as friends

Animals are my friends — don't eat my friends

Love them and be kind to them
